# Erik's Reptile Edventures

Since 2006 Erik's Reptile Edventures has brought nature into the classrooms of hundreds of schools, libraries, and events throughout the New York Tri- State area, and internationally in; Costa Rica, Nicaragua, Madagascar, the Philippines, Malaysia and Indonesia!

- The Director/owner- Erik Callender has a true passion and love for nature that goes beyond the presentation. Since discovering tadpoles at the age of 6 years during a trip to Bear Mountain, he has continued to follow his dreams to "work with animals" and share his love for nature with others. In 2006 immediately after graduating Stony Brook University, he followed his dreams, and began Erik's Reptile Edventures !
